

Risk Management Philosophy

Delta Gamma offers to women of all ages a rich heritage based on principles of personal integrity, personal responsibility, and intellectual honesty. Its primary purpose is to foster high ideals of friendship among women, promote their educational and cultural interests, create in them a true sense of social responsibility, and develop the finest qualities of character.

Delta Gamma Fraternity's Risk Management Philosophy seeks to empower its members to make informed decisions in high-risk situations based on Delta Gamma Fraternity's purpose and organizational values, especially social responsibility and personal integrity. The Delta Gamma Risk Management Philosophy upholds the following:

- While adherence to Delta Gamma policy and local, state, provincial and federal laws is expected, the Fraternity recognizes its members making informed, fair, and reasonable choices regarding their personal safety while acting with social responsibility and personal integrity at all times, even if in violation of Delta Gamma policy and/or local, state, provincial and federal laws.
- The Fraternity believes that risk management is everyone's responsibility. Every member has the responsibility to keep themselves, their sisters, their chapter, their campus, and the overall international organization safe.

The Delta Gamma Fraternity Risk Management Philosophy promotes intentional education through multifaceted programming and well-informed individual decision-making by Delta Gamma members resulting in doing good not only for their communities, but also for themselves.
