

Delta Gamma Extension

Proposed Additions and Removals to the Convention Approved List for Extension

June 2022

ADDITIONS

The Extension Team is recommending 12 campuses be added to the Convention Approved Extension List. They fall into two categories:

- Closed Delta Gamma chapters
- At least one National Panhellenic Conference (NPC) organization on campus

Additions – Closed Delta Gamma Chapters

All five (5) recommended additions are campuses where Delta Gamma has closed a chapter in recent years.

Harvard University	Cambridge	MA	USA	Zeta Phi
James Madison University	Harrisonburg	VA	USA	Epsilon Nu
University of Delaware	Newark	DE	USA	Zeta Chi
Washington University in St. Louis	St. Louis	MO	USA	Alpha Epsilon
Willamette University	Salem	OR	USA	Beta Pi

Additions – At Least One NPC Organization on Campus

All seven (7) recommended additions are campuses that currently have at least one NPC organization on campus.

REMOVALS

The Extension Team is recommending a total of 21 campuses for removal from the Convention Approved Extension List. They fall into three categories:

- Recent Delta Gamma establishments
- Campus closure
- No NPC organizations on campus

Removals – Recent Delta Gamma Establishments

Both recommended removals are campuses where Delta Gamma has established since 2018.

Clemson University	Clemson	SC	USA	Epsilon Kappa
Montana State University	Bozeman	MT	USA	Gamma Delta

Removals – Campus Closure

Both recommended removals are campuses that have closed in the past biennium. Please note: Johnson & Wales University campuses in both Providence and Charlotte were on the prior Convention Approved List and will remain on the current list.

Johnson & Wales University	Denver	CO	USA	
Johnson & Wales University	North Miami	FL	USA	

Removals – No NPC Organizations on Campus

The 17 recommended removals are campuses that do not currently have any NPC organizations on campus. The Extension Team feels that in the case of exploring a potential extension to a campus where no NPC organizations currently exist, the majority vote of the five closest alumnae groups and five closest collegiate chapters, rather than the Convention Approved List, is preferable as being the first organization to establish on a campus is a more significant undertaking that must be carefully evaluated.
