

Leda Health Partnership Services

Delta Gamma Fraternity is thrilled to announce our new organizational partnership with Leda Health. This collaboration aims to equip our collegiate members with the essential resources, education and support related to sexual assault prevention and response. Leda Health's mission to meet survivors where they are and provide them with the options and autonomy they deserve aligns seamlessly with promoting Delta Gamma's [Culture of Care](#) and members feeling supported and safe wherever they may be. To learn more about Leda Health, please visit their [website](#).

LEDA HEALTH SERVICES

User Portal

A comprehensive portal offering resources related to sexual assault prevention, support and care. Members can engage with Leda Health's educational content and resources, including a Q&A section, texting services and a 24/7 support team.

Educational Programming

Up to seven hours of sessions on topics such as sexual assault, consent, intimate partner violence, Title IX rights, bystander training, the real cost of sexual assault and the unique challenges and opportunities presented by Greek Life.

Additionally, Leda Health provides case studies addressing realistic scenarios faced by Greek chapters, aiming to enhance bystander intervention and understanding of various types of sexual misconduct.

Note: These topics may be triggering to some – a notice is provided before every educational program.

Long-Term Care

Leda Health users can access long-term mental health care through Bloom. Bloom provides courses for survivors of sexual violence to learn and heal from trauma in a private, supportive space. Their courses are written and reviewed by survivors, allies, mental health support workers and therapists worldwide.

Note: Collegians must access this service through the Leda Health user portal to participate free of charge.

Physical Resources

Leda Health offers at-home toxicology testing kits, STI/STD/HIV testing kits, Plan B One-Step and a 24/7 Clinical Care Team comprised of Licensed and Certified Forensic Nurses and Clinicians with over 35 years of experience.

Note: Physical Resources are not covered under our partnership with Leda Health but are available at an extra cost to collegians.

USER PORTAL ACCESS DIRECTIONS

All active collegiate and new members of Delta Gamma will have the ability to access the resources, education and services offered on the Leda Health User Portal through the following steps:

- **Step 1:** You must request an account from Leda Health by completing the following form: Leda Health Account Request Form - [Access Here](#)
Note: Your personal information is private and will be utilized for any purpose other than verifying your membership in Delta Gamma.
- **Step 2:** You then receive an invitation from Leda after they verify that you are a member of Delta Gamma. Note: Please check your spam/junk folder for this invitation. If you do not receive an email, please contact support@leda.co for assistance.
- **Step 3:** Activate your account and log in to the Leda Health User Portal to utilize the available resources and services.
