

Is it hazing?

This resource will help you determine if an experience or activity would be considered hazing.

LIST OF QUESTIONS:

- Would my parents or family be comfortable with me participating?
- Would we get in trouble if campus staff or faculty saw the activity?
- Am I being asked to keep this a secret, even if I feel it is wrong?
- Am I doing anything potentially illegal?
- Does this align with the values of Delta Gamma?
- Does this cause any emotional, mental or physical harm to participants?
- If this was recorded and put on the internet, would I be proud of participating?
